About Me

I am a passionate and dedicated software developer with a strong foundation in web development and programming. My expertise spans frontend technologies (HTML, CSS, Tailwind, React, Bootstrap) and backend technologies (Node.js, Express.js, Next.js). I also have significant experience working with databases such as MongoDB and MySQL, enabling me to build full-stack applications. In addition to web development, I have a solid understanding of programming languages like C and Java, with a focus on object-oriented programming (OOP) and data structures. I am a quick learner who loves to solve complex problems, develop efficient solutions, and continuously enhance my skills. I aim to contribute to meaningful projects that make a positive impact while growing as a professional in the tech industry.

Skills

</> Frontend: HTML, CSS, Tailwind, React, Bootstrap and EJS

Database: MongoDB, Mongoose and MySQL

Backend: JavaScript, Node.js, Express.js, Next.js and Nodemon

Programming: C, Java (OOP) and Data Structures

Education

10th Grade: Rose Manor High School, Santacruz, Mumbai - A Grade

12th Grade: Bharatiya Vidya Bhavan's, Andheri, Mumbai - A Grade

Bachelor's in Computer Science: Vasantdada Patil Pratishthan's College of Engineering & Visual Arts (2023-2027)

Membership

Member of CESA (Computer Engineering Student Association)

Projects

Gifly: [View Project](#)

Medical Recommendation System: [View Project](#)

Rock Paper Scissor Game: [View Project](#)
